

MY COUNTRY POLAND

PRESENTATION
by
Jakub Jeszke

Poland lies on the Baltic Sea.

Poland has many rivers. The longest rivers are:
Wisła, Odra and Warta.

WISŁA

A wide river, likely the Wisła, stretches across the frame under a soft, golden sunset sky. The sun is positioned just above the horizon, creating a bright, shimmering reflection on the water's surface. The background is filled with a dense line of trees silhouetted against the bright light. The overall mood is peaceful and serene.

ODRA

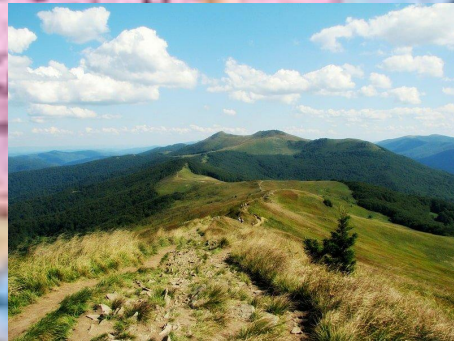

WARTA

Rysy is the highest mountain in Poland.

We also have many mountain ranges:
Tatry, Beskid Żywiecki, Karkonosze,
Bieszczady, Pieniny and others.

Poland has two Island: Uznam and Wolin.

Poland has many lakes...

The biggest lake is Śniardwy.

The deepest lake is Hańcza.

The longest lake is Jeziorak.

There is also the Błędowska desert in Poland.

From the sea to the mountains, Poland is a beautiful country.
